

LINLA.org Privacy Policy.

Updated 12/15/22

We use cookies on our website to see how you interact with it. These include "Essential" Cookies used for: added security, fraud protection and to enhance the "Registered User" experience. By accepting, you agree to our use of such cookies. We will NEVER sell or distribute these data.

Due to their core role of enhancing/enabling usability or site processes, disabling cookies may prevent users from using certain features.

When you conduct a transaction on our website, as part of the process, we collect personal information you give us such as your name, address and email address. Your personal information will be used for the specific reasons stated above only.

We collect such Non-personal and Personal Information for the following purposes:
To provide member benefits and event registration;
To be able to contact our Members and Users with general notices and promotional messages;
To comply with any applicable laws and regulations.

Our website is hosted on the Wix.com platform. Wix.com provides us with the online platform that allows us to provide event and membership registration and services to you. Your data may be stored through Wix.com's data storage, databases and the general Wix.com applications. They store your data on secure servers behind a firewall.

All direct payment gateways offered by Wix.com and used by our company adhere to the standards set by PCI-DSS as managed by the PCI Security Standards Council, which is a joint effort of brands like Visa, MasterCard, American Express and Discover. PCI-DSS requirements help ensure the secure handling of credit card information by our store and its service providers.

We may contact you to notify you regarding your account, to resolve a dispute, to collect fees or monies owed, to poll your opinions through surveys or questionnaires, to send updates about our company, or as otherwise necessary to contact you to applicable national laws. For these purposes we may contact you via email, telephone, and/or postal mail.

What are cookies in computers?

Also known as browser cookies or tracking cookies, cookies are small, often encrypted text files, located in browser directories. They are used by web developers to help users navigate their websites efficiently and perform certain functions.

Due to their core role of enhancing/enabling usability or site processes, disabling cookies may prevent users from using certain websites.
